Our Dedication

We, the Graduating Class of 1985, would like to dedicate our yearbook to someone who has often been there to raise our spirit and boost our morale. She has put forth endless time to support many of our activities. These are but the beginning years of our lives, and she has shown care and understanding to help us through them.

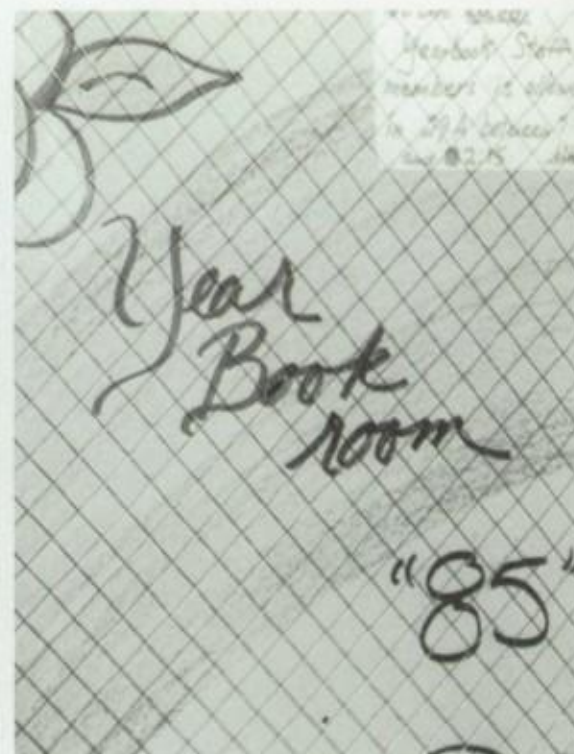

We thank you for your support and your greatly appreciated friendship, thus we dedicate our 1985 Forum to you, Mrs. Paula Sinclair.

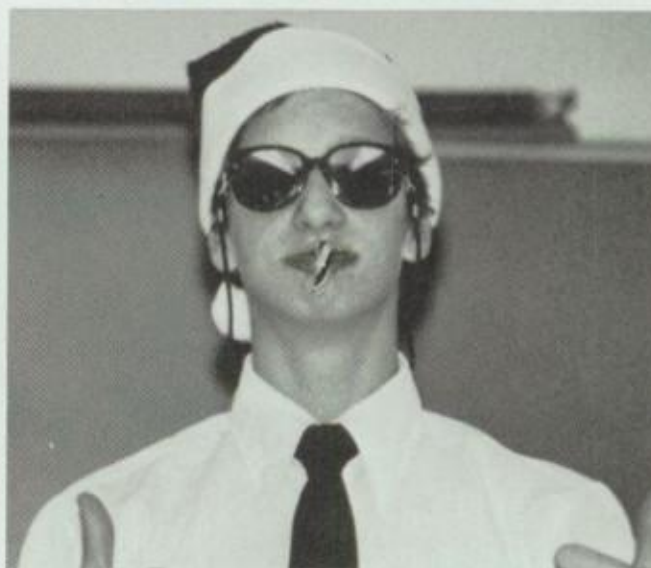

As you have gone through the years — you have always given more.

Once upon a time in the District of Cheektowaga / Sloan, lived some very interesting people . . .

known as Kennedy Bears. For four years of their lives, they studied, socialized and played

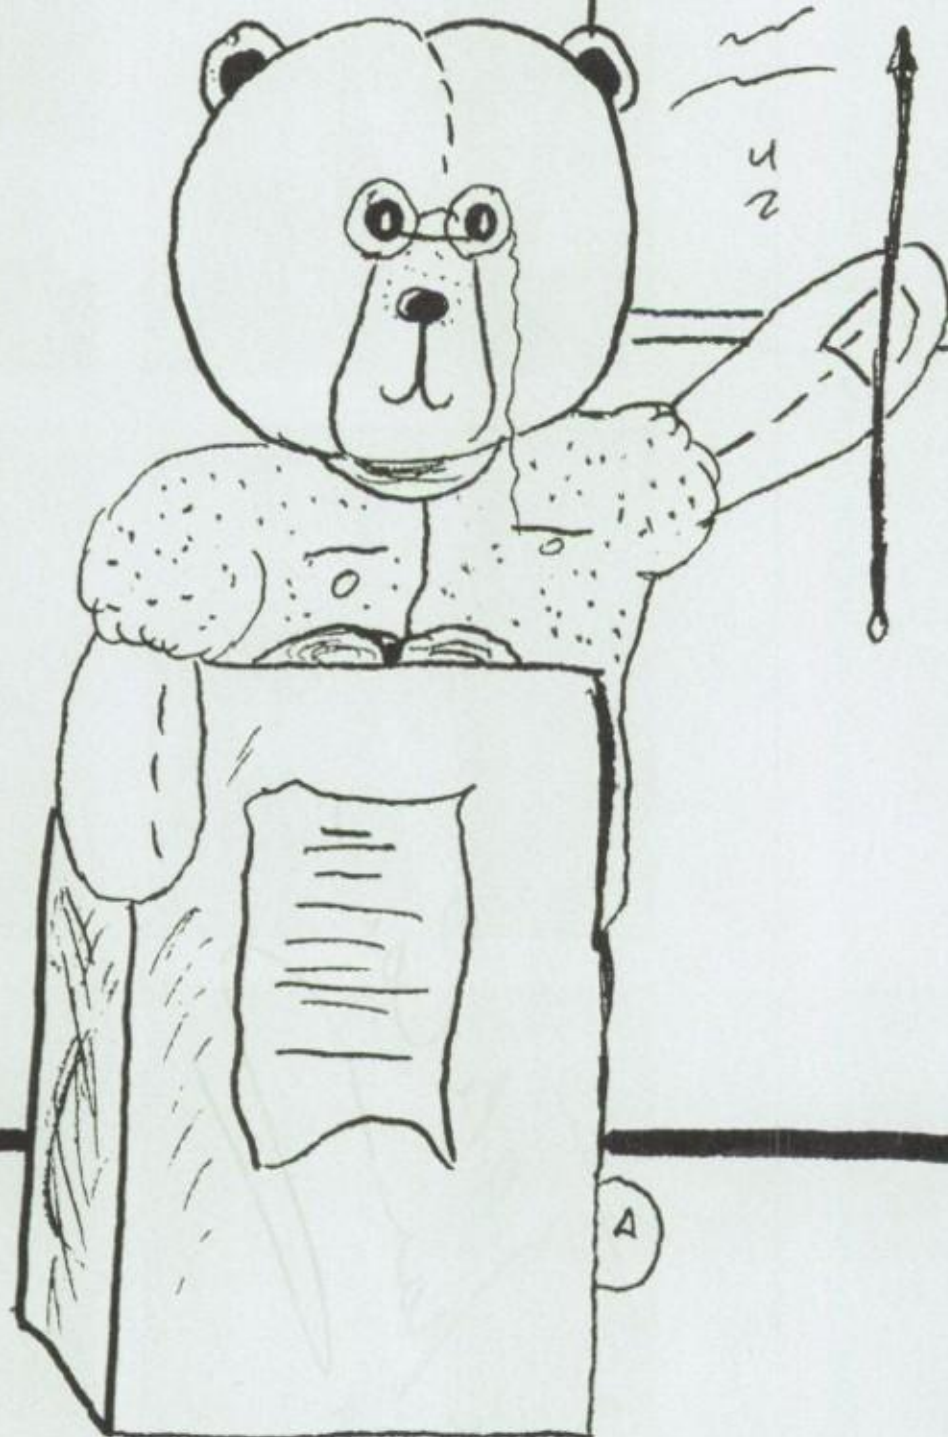

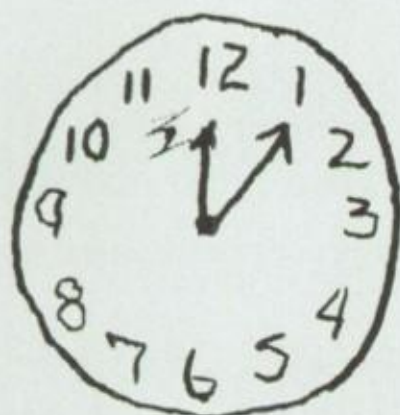

getting ready for their step
into reality. Then one day it
happened — Graduation
1985.

Superintendent

Mr. James Mazgajewski

Superintendent's Message for the Yearbook:

A look at the definition of "Fairy tales" in the dictionary provides us with this description: an incredible or highly imaginative story or statement.

Envision a world where people live in peace and harmony, where every individual possesses attributes such as honesty, humility, compassion, dignity and loyalty. Imagine yourself as a successful, functioning member of such a society. During your educational career, you have been instructed in school and at home in how to develop into such an individual. The rest is now up to you, because only you can make the fairy tale a reality.

Best Wishes to the Class of 1985.

Senior High Principal

Mr. Henry Zwierzchowski

Having chosen "Fairytale" as your yearbook theme would seem to indicate that you have turned your backs on the "real world," but I know this is not true. It is instead an indication of your outlook on life. You, the class of 1985 have chosen to spotlight your youth and your youthful outlook. You retain the ideal views of the young, the optimism of the innocent and yet, this very characteristic, points out your ability to look toward the future — to strive for seemingly unattainable goals. Your years here at John F. Kennedy have given you your foundation in the real world of education — training you in the basic intellectual survival skills. Now you can look to the future — the time beyond graduation. You can establish your goals; you can plan your life. These goals, these plans are in a sense your share of "Fairytale." This is the better life and times to which you aspire. Remember, as you leave Kennedy that your youthful outlook is the key to success.

In the words of the song: "Fairytale can come true, it can happen to you, if you are among the very young at heart."

Junior High Principal

Mr. Daniel Mahoney

Congratulations to the Class of 1985!

Your perseverance, understanding and acceptance of your responsibilities over the past years at John F. Kennedy High School have no semblance to a "fairytale as you allude to in your theme."

Fact: You have completed your academic program.

Fact: You are wiser, more mature and better prepared to handle life's challenges.

Fact: You will graduate on June 22, 1985 and as evidence of this accomplishment will receive your diplomas.

Fact: Many of you will enter college and continue your formal education.

Fact: Many of you will enter the world of work.

Fact: We, your teachers, your parents and community are proud to have had a positive impact on your lives.

A fairytale is an unbelievable or untrue story! What may have seemed unbelievable in the past, has in many instances become reality!

BORN TO RUN

*In the days we sweat it out in the streets
of a runaway American dream
At night we ride through mansions of
glory in suicide machines
Sprung from cages out on Highway 9
chrome-wheeled, fuel-injected
and steppin' out over the line.
Baby, this town rips the bones from your back,
it's a death trap, it's a suicide rap
We gotta get out while we're young
'Cause tramps like us, Baby we were born to run.*

*Wendy, let me in, I wanna be your friend
I want to guard your dreams and visions
Just wrap your legs round these velvet rims
and strap your hands across my engines
Together we can break this trap
We'll run till we drop, Baby we'll never go back
Will you walk with me out on the wire
Cause baby I'm just a scared and lonely rider
But I gotta know how it feels
I want to know if love is wild
Girl, I want to know if love is real*

*Beyond the Palace hemi-powered drones
scream down the boulevard
The girls comb their hair in rear-view mirrors
and the boys try to look so hard
The amusement park rises bold and stark
kids are huddled on the beach in the mist
I wanna die with you, Wendy, out on the streets tonight
In an everlasting kiss*

*The highways jammed with broken heroes
on a last chance power drive
Everybody's out on the run tonight
But there's no place left to hide
Together, Wendy, we can live with the sadness
I'll love you with all the madness in my soul
Someday Girl, I don't know when
we're gonna get to that place
where we really want to go
and we'll walk in the sun*

*But till then, tramps like us
Baby, WE WERE BORN TO RUN!!*

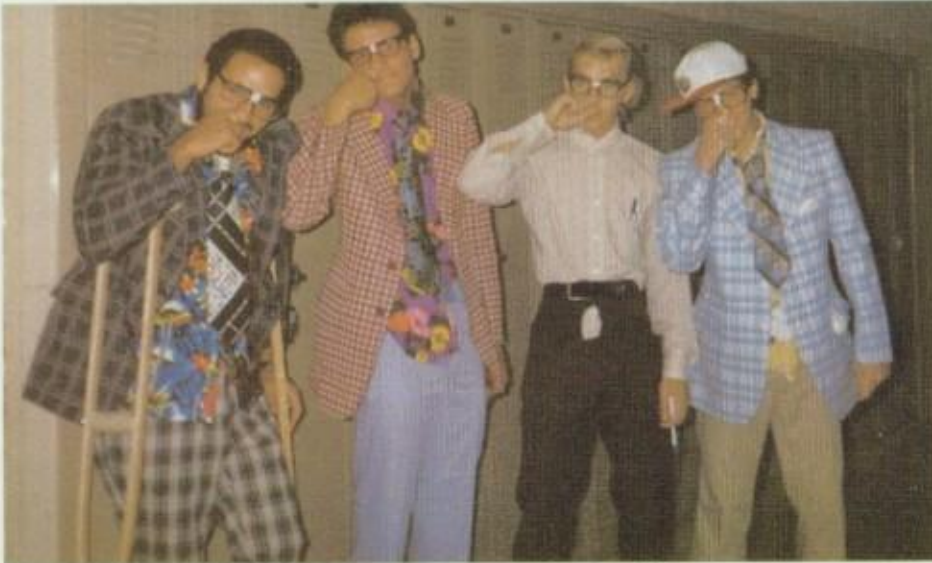

— Bruce Springsteen

THE SPINE

The spine is a remarkable organ. It is strong enough to support many hundreds of pounds. At the same time, it is elastic and flexible to enable movement in any direction.

There are 24 movable segments or vertebrae in the spine. Between each segment is a soft cushion called a disc, which serves as a ball bearing and shock absorber.

Inside the spine is a tube which contains the spinal cord, the lifeline of the nervous system. Between each vertebrae are a pair of nerve trunks which carry millions of individual nerve fibers to various parts of the body. If one or more of these spinal vertebrae are displaced, delicate nerve fibers can become impinged and the vital organs become affected resulting in disease.
